

Word SWAP

Word SWAP

Pick a word that means something to you.

Now, let's make a SWAP to represent you!

Tools:

Scissors

Materials:

Cording

Glue

Letter beads

Mini pony beads

Steps:

Select beads.

Pick the beads you need to spell your word. Then four to six mini pony beads.

Cut cording.

Cut a piece of cording 6" long.

String beads.

Lay your beads out like you're going to string them. Start with 2-3 mini pony beads, then your word and last 2-3 mini pony beads. When you're happy with the layout, put them on the cording.

Finish.

Knot the ends together so you create a circle. Add a bit of glue to keep the knot secure. Add a safety pin.
