Find in a Bottle Activity

On the next sheet, list the items you've hidden in the bottle. For larger groups, you may want to make multiple bottles with the same items in them.

Alternately, you can have your participants make their own bottles.

To do this activity at your own event or meeting, print out this instruction sheet.

Provide one of the "Items to Find" lists (3 per sheet) for each participant. Make sure you include a list of the items you put into your bottle.

Have pens / pencils on hand for anyone who does not have their own.

Before the event, prepare your bottle(s) by cleaning out and removing the label from your clear, plastic bottle. Water bottles are very good for this.

Select about a 12-20 items that fit into the bottle as our items to find. You can use marbles, game pieces, and other trinkets.

Drop them in randomly as you add rice to the bottle. Do not fill completely with rice or you'll have no place for the rice to move around and reveal the items hidden inside.
