Bottle Cap Art

What can be simpler than placing an image into a bottle cap?

Make an image a bit larger than 1" diameter to use in your bottle cap. Use a 1" circle punch to cut out the image you want. Then add a cover material to seal the image in place.

You can adapt this for charms, pendants, ornaments, SWAPs, fridgies and thumbtacks.

Tools:

1" circle paper punch
Scissors

Materials:

Bottle cap
Printed images, gift wrap, etc.
Glue
Sealant

Steps:

Image.

Cut or punch out your image.

Option.

For hanging items, punch a hole in the edge of the bottle cap to attach an o-ring later.

Attach.

Glue the image into your bottle cap. Cover with sealant / glaze. Allow to dry thoroughly.

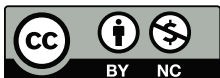

Back.

For fridgies, attach a magnet.

For thumbtacks, attach a flat one.

Option.

You can add items into your glaze such as glitter or rhinestones for extra bling.
