Rainmakers

Make it rain anywhere by following the leader. The steps will make it rain harder and softer, depending on the actions you do.

The steps are listed from lightest to softest.

Be sure to go from bottom to top to lighten and end the rainstorm.

Area:

Small

Materials:

N/A

Motions:

Rubbing palms — slowly gives a soft noise; faster gives a louder noise

Snapping fingers — slowly gives a soft noise; faster and harder gives a louder noise

Clap hands (irregular cadence) — softly for a soft noise; harder for a louder noise

Slapping thighs — slowly and softer gives a soft noise; faster and harder gives a loud noise

Stomp feet — softer for a soft noise; harder for a loud noise

Now, go through these steps from here to the top and end with silence.

NOTE:

For more "realism", ask someone to turn the lights on and off while you are slapping thighs and stomping feet.
