## PHOTO SCAVENGER HUNT COLOR HUNTS

*Color hunts can be done with teams of any age.*

### All in One

Choose a single color and take photos of items that color. Print out or show the variety on a screen to discuss variations within a single color.

### Quantity Color Hunt

Choose a single color and the team with the most shots of the color wins. Set a definite time limit. To determine the winners, you merely need to count the shots.

### Rainbow Colors

Take photos of items that cover the colors of the rainbow. Make a list of the colors for kids who have difficulty visualizing the entire rainbow.
