Bedroll SWAP

This camp SWAP features a bedroll that is used to sleep in while camping.

Tools:

Scissors

Materials:

Felt sheet

String

Safety pin

Non-water soluble glue, if desired

Steps:

Cut felt.

Cut felt into 2" strips along the 12" length, giving you 6 strips. Fold them in half and cut for a roll (2" x 4.5").

NOTE: You can add a second color inside to make it look like you have multiple blankets if you wish.

Roll and tie.

Roll up the felt so it is a 2" wide roll. Tie around the roll twice with string to hold it in place.

Add pin.

Add safety pin to felt as the string is more likely to break.
