Sand Clay

Sand clay is a great way to make clay with natural materials.

TOOLS:

Pot and stove

MATERIALS:

Sand, 1 cup

Cornstarch, 1/2 cup

Boiling water, 1/2 cup

Food coloring, as desired

STEPS:

1. Mix the sand and cornstarch well. Pour in the boiling water and food coloring. Cook until the mixture is thick, stirring constantly. Let cool.
2. When cool, model this mixture into small animals, birds, butterflies, beads or other objects.
3. To dry, bake in an oven at approximately 300°F (148°C) for one hour or until dry.
