Geometric Paper Mosaics: Overview of Mosaic Tiles

This overview shows the initial mosaic tiles being released with this badge. This includes:

- 2" x 1" Parallelograms
- 2" x 1" Rectangles
- 3" x 1" Parallelograms
- 3" x 1" Rectangles

You can use these shapes for inspiration to make your own. If you wish to use the tiles to create your own mosaic, check out the individual tile sheets.

You may choose to glue down your mosaics to the grid, making it a single use item. Before gluing, be sure you are happy with the placement of the individual pieces.

You may also choose to print the tiles on card stock so you can use them more than once as more of a reusable activity.

NOTE: 1" x 1" tiles are in a separate overview file.
