Dabbler: Personal
Enrichment Project
Single Page Journal Sheet

The following page is a printable to create your own badge book as you earn awards through the Enrichment Project.

To document the badge you earned, print out the sheet.

The single badge sheet might be used to track your journey as you earn and use your newly acquired skills and knowledge with your kids. It features one specific badge per page to allow you maximum area for recording your experiences and ideas.

Of course, you can go beyond the badge basics by including photos, samples of things you've created or notes for where you want to go with your new knowledge with your kids.

Don't think you need to stick to a simple list of the badges you've earned. Try creating an art journal or scrapbook page instead for a more creative way to show your badges.
