Step Station Event Sign
Dabbler: Recipes

The attached Enrichment Project step station event sign is designed for display at a station where only one step or activity of a badge program is being presented.

For example, if you want to do an introductory event where participants learn about a lot of easy crafts, you might do a station for Zendoodle, Artist Trading Cards, and other crafts to give an overall experience while not working to earn a specific badge.

By doing a single station, you can give your participants a chance to try something without going into depth on the topic.

Print the sheet on cardstock.

If you wish for it to last longer, laminate the printed sign.

Keep all planning materials, presentation materials, and feedback so that you can run this event again.
